

Announcing New Medical Director

Dear Rawlins Families:

We are proud to announce our newest partnership with Proactive Clinical Partners. Proactive is comprised of three physicians - Dr. Saad Hafidh, Dr. Syed Hashmi, and Dr. Ibrar Paracha. Collectively, the physicians have extensive experience providing orthopedic, internal medicine, and nephrology services to Indiana residents. Effective September 28th, 2020, we have selected Proactive to assume the responsibility of Medical Director. Dr. Syed K. Hashmi shall be designated as attending physician.

Proactive strives to provide top-notch medical oversight in a cost-effective, highly efficient manner. The group achieves its goals by increasing the presence of physicians and mid-level providers in the facility. In doing so, Proactive has found this approach effective in reducing hospitalizations, elevating clinical culture, and improving regulatory compliance. Proactive's medical professionals are dedicated to engaging the entirety of the facility's team, providing on-going education, and ensuring our residents are met with compassion and caring attitudes.

We believe Proactive shares our goals for today and visions for the future. Proactive will be a great asset to us as we continue to identify ways to enhance each residents' experience. Should you like to transition to Proactive's care, please contact the Administrator, Social Services, or the Director of Nursing for further information.

Sincerely,

Chad Covey, HFA
